

CAM CROCKFORD
PICK UP STICK LIGHTING

PICK UP STICK COLLECTION

OSTENSIBLY INCIDENTAL, THE PICK UP COLLECTION IS ANYTHING BUT. EACH INTERSECTION IS CAREFULLY CONSIDERED TO PRODUCE A STUDIED HAPHAZARDNESS OF POINT AND LINE ORIENTED WITHIN SPACE.

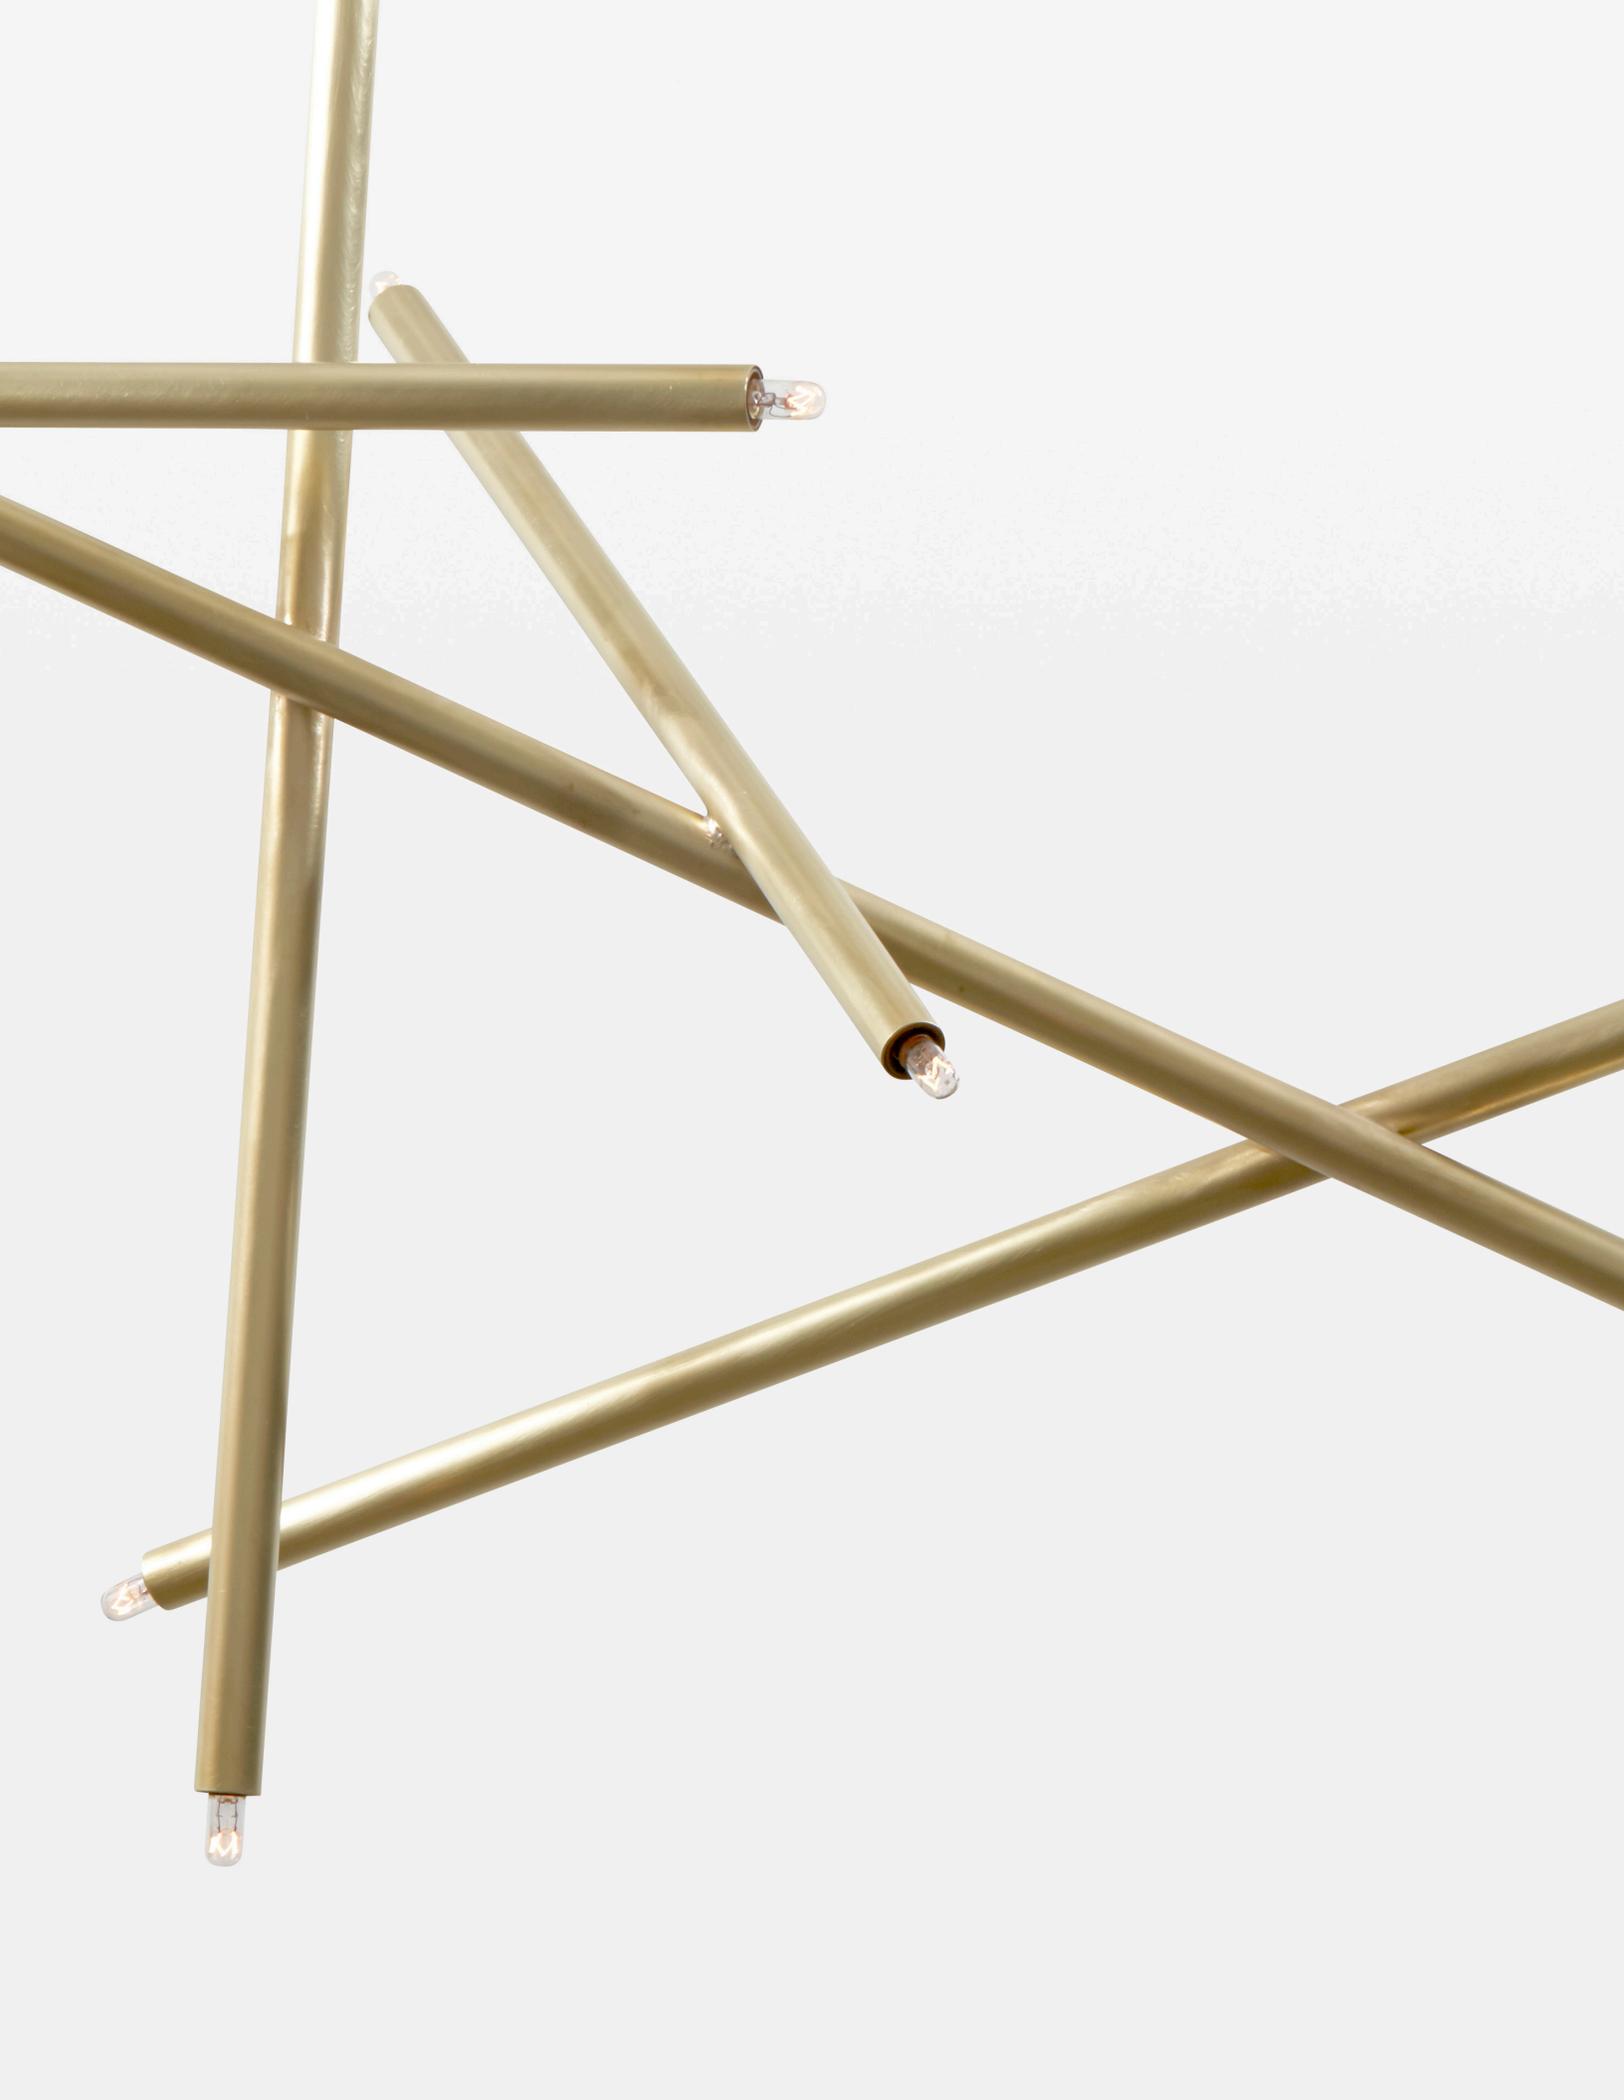

AVAILABLE IN COMPLETELY CUSTOM AS WELL AS STANDARD CONFIGURATIONS, EACH FIXTURE IS FABRICATED ENTIRELY BY HAND. THE RODS ARE BONDED BY PRECISE WELDS, SANDED AND BRUSHED TO CREATE A SMOOTH TRANSITION THAT IS NEARLY INAPPARENT.

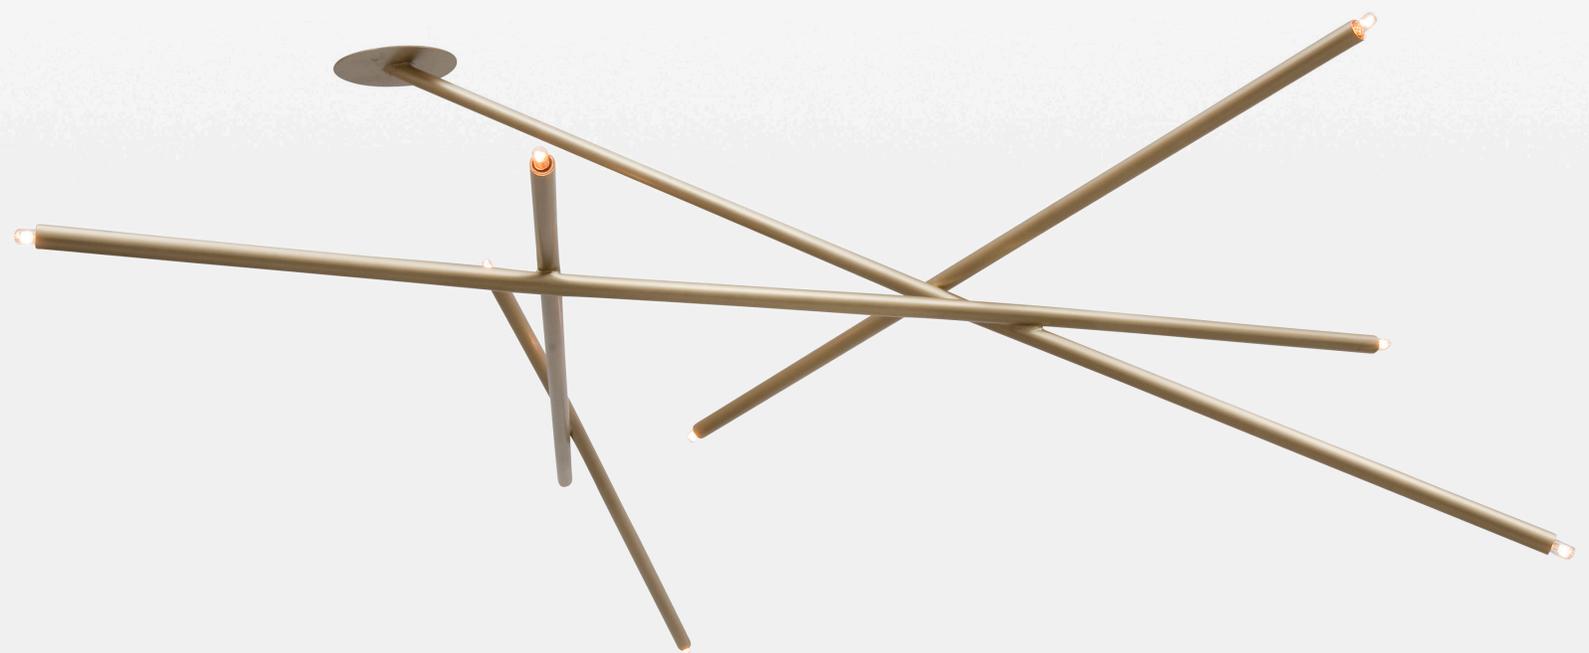

INTENDED AS LIGHT SCULPTURE RATHER THAN PRIMARY LIGHTING, THE EFFECT OF THE PICK UP FIXTURES IS AMBIENT. EACH FIXTURE RESULTS IN A CONSTELLATION THAT ADDS INTEREST TO ANY SPACE.

CUSTOM INSTALLATIONS

TRANSFORMATION THROUGH ILLUMINATED SCULPTURE IS A PROCESS WE TAKE GREAT PRIDE IN. THE GOAL OF EACH PROJECT IS TO PROVIDE A MEMORABLE EXPERIENCE AND UNIQUE ATMOSPHERE. A CUSTOM PIECE ENSURES AN UNMATCHED AND DISTINGUISHED AMBIANCE.

THE PROCESS IS COMPOSED OF SKETCHES, CAD DRAWINGS, AND 3D MODELS TO ENSURE THE FINAL DESIGN IS EXACTLY WHAT OUR CLIENTS ENVISION.

GENERAL LEAD TIME IS 12-14 WEEKS.
